The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the County of Glenn Countywide Groundwater Recharge Development Plan in the Fiscal Year 2023 Agriculture, Rural Development, Food and Drug Administration and Related Agencies appropriations bill.

The project sponsor for this project is the Glenn County Resource Conservation District located at 132 N Enright Avenue, Suite C, Willows CA, 95988. The project itself will take place throughout Glenn County, California.

This project is a valuable use of taxpayer funds as it is an investment in California's 1st Congressional District both economically and ecologically. The project would develop priority sites that would increase local recharge capabilities and as a result, create more usable water for California.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Doug LaMalfa
Member of Congress
